OFFICIAL PAPER OF THE CITY OF TORRANCE
Adjudicated a Legal Newspaper of Los Angeles County, Superior Court Case No. 218170, Dated March 22, 1927.

California Publishers Act to End Unauthorized Use of Group Name

SACRAMENTO. — Use of the name of the California Newspaper Publishers Association for selfish and political purposes must stop. This was the edict issued here today by Henry Raymond Judah, Santa Cruz News, president of the state-wide organization of California newspapers.

Recently there has been an epidemic of political aspirants and publicity anxious organizations releasing statements that contain and proposals are under the auspices of the California Newspaper Publishers Association," Judah stated.

Would Proselyte Power
The president of the press association pointed out that no statement regarding the business organization of newspaperers of California is authentic except when released officially by Judah or the general manager, John B. Long.

"So many recent attempts to proselyte the power of the press for individually selfish ends have

been made that this official announcement is being issued at the request of the officers of the association.

"The association is the business organization of more than 350 daily and weekly newspapers of the state located in metropolitan and country districts.

Not Interested in Stunts
"As such it is first interested in improving the newspaper business of the state; second in helping to foster and promote activities of a beneficial nature to all of California and aid in nurturing state-wide unity," Judah said.

Deep-Sand Well In Lomita Down To 4700 Ft. Now

At a depth of about 4700 feet, the Heller-Davis deep-sand well on Palm street in Lomita is now making slow but steady progress. It was reported today. Drillers have hit a hard shell formation, said to be the same as the deep sand formation in Signal Hill, and are taking cores, the last one having shown a hard ground shale.

The well is not expected to be brought in until it is between 5000 and 6000 feet. Meanwhile, the Heller-Davis interests are seeking more leases on a strictly royalty basis. Much of the land surrounding the deep-test well is encumbered with old leases and these must be cleared up before the present operators will take the property, it is reported.

A number of prominent local men are said to be taking a keen interest in the operations on Palm street together with San Pedro land owners. The prospects, according to these land-owners and the Heller-Davis people, are very encouraging. They point out that the well is on the same line as the well-known Splitstoeser well on Hill street in the northeastern part of Lomita and also lines up with the Wilmington well being drilled by the Pacific Coast Oil Co.

Revives Roosevelt Trophy

—United Press Photo

Joe Mora, famous California sculptor, has revived the Roosevelt trophy of Cheyenne and Pendleton days. He appears here with the silver trophy designed by himself. It goes to the cowboy who ranks highest each year at the Salinas rodeo, but must be won three times before becoming the permanent trophy of a 'puncher.'

City's Water Case Ousted From Court

(Continued From Page 1-A)

That the water company would not abandon the case if the decision favors Torrance was "a sure bet," Briney stated. This will be taken to the Appellate Court, and it is likely, the attorney said, that the case may enter the U. S. Supreme Court before it is finally ended.

Torrance Youth Will Face Trial For Boy's Death

Fighting stubbornly against the admission of any evidence in the preliminary hearing at Lomita of Lloyd S. Fortin, asserted "death-car" driver, C. S. Davis, attorney for the defendant, prolonged the case to a late hour this afternoon. A capacity crowd heard the case.

A total of 15 witnesses for the prosecution had taken the stand and entered testimony which caused young Fortin to be bound over to the Superior Court on charges of manslaughter and failure to stop and render aid in connection with the death, May 9, of Kendall Mucklow, 11-year-old Lomita boy. His fall was reduced from \$10,000 to \$2500.

Fifteen exhibits had been presented for identification by the prosecution, headed by Deputy District Attorneys Killian and V. L. Ferguson at noon today. These were marked for evidence later. They range from the Mucklow boy's battered bicycle, on which he met his death; bits of shattered glass asserted to come from Fortin's car; the boy's blood-stained clothing; photographs and written testimony taken at the coroner's inquest.

Fortin was again positively identified as the driver of the machine police say hit the Lomita youngster, by Mrs. Anna Lietzel, of 2600 Pine street, Lomita.

Woman's Club Notes

Mrs. Will Lee Austin was the speaker at Torrance Woman's club yesterday when she chose as her subject, "Interesting Highlights on Motion Pictures." Mrs. Austin urged mothers to acquaint themselves with the nature of the pictures they allow their children to attend. While any picture may be seen by a child without much danger there are so many really suitable pictures to enjoy that it is well to choose the better ones for impressionable children. Reports were made by Mrs. Barkdull on motion pictures and Mrs. Stone gave an interesting resume of her Long Beach Reciprocity day recently.

A group of 21 will attend a luncheon to be given at the Ambassador hotel Friday at which

many motion picture celebrities will be present. This luncheon is given as a compliment to Mrs. Austin and for Mrs. McKelvey, new district president of the Federation of Women's Clubs.

RELIEF SOCIETY THANKS LEGION FOR BENEFIT SHOW
Mrs. Isabel Henderson, an officer of the Torrance Relief Society, in a statement to the Herald today, expressed that group's keen appreciation of the Bert S. Crossland Past's benefit performance last Friday evening.

"We also wish to thank the Legion for its expression of their confidence in the efforts of the Society," she stated.

WET AND DRY HISTORY

By the United Press
SAN FRANCISCO. — Alcoholic and non-alcoholic history are taught impartially in this city's schools. Dr. Joseph Marr Gwinn, city school superintendent, refuses to delete the Pittsburg whisky rebellion from history courses.
